TEAM MANAGER	

Your team placement starting this season depends on your oldest player. The league will not allow a one-year play down starting fall 2023 seaso. For two years play up, the parents need to send an email to jimmy@gbysl.org for consideration. Sending a request does not guarantee an approval. Please check your roster carefully.

For you to coach this fall, you need to complete all of US Club requirements: background check, Safesport training and disqualification-suspension review. We are not going to release the roster if the US Club requirements are not met.

PRACTICE FIELD REQUEST: Please go to gbysl.org for a list of possible fields. Fields are subject to change depending on availability so please give us three options.
